VIII. NON-DISCRIMINATION POLICY

As Christian scholars, we are keenly aware of the power of language, and believe in treating others with dignity. As such, it is important that our language be equitable and prejudice free. Good writing and speech do not make unsubstantiated or irrelevant generalizations about personal qualities such as age, disability, economic class, ethnicity, marital status, parentage, political or religious beliefs, race, sex, or sexual orientation. Respectful use of language is particularly important when referring to those outside of the religious and lifestyle commitments of those in the Biola community. By working toward precision and clarity of language, we mark ourselves as serious and respectful scholars, and we model the Christ-like quality of invitation.

Avoid the use of stereotypes or terminology that demeans persons or groups based on age, disability, ethnicity, gender, race, language or national origin. Avoid drawing attention to irrelevant identifiers of race or gender. Avoid gender-specific language when referencing people in general. Avoid terms that assume the universality of human experience, and in particular presume the normativity of the socially dominant group. (Biola Policy Statement)

<i>Letham Précis</i>	34%
<i>Gregory Précis</i>	33%
<i>Sanders Précis</i>	33%
Attendance at Lectures	Required for Credit

B. GRADING CRITERIA

1. Quality of Student Work [Read Carefully Here]

- a. In order for a student to receive an “A” grade on any assignment, the student must do *outstanding*, graduate level work.
- b. If the student submits *failing*, *below average*, *average*, or *above average* graduate level work, the assigned letter grade will reflect the quality of the work submitted.

2. Grading Standards for All Written Work

Whereas Biola University desires to maintain the highest standards with respect to the composition of all written work, any student paper exhibiting poor grammar, spelling errors, typographical errors, or other substandard academic expression shall have the overall grade for that paper reduced accordingly. Generally, a paper will be deemed substandard and ineligible to receive an “A” grade when it averages three or more compositional errors per page. Moreover, at the discretion of the professor, the substandard paper may be returned to the student for correction and resubmission with appropriate grade penalties. Graduate papers

are expected to demonstrate a higher level of academic expression than undergraduate papers. Students deficient in writing skills may seek assistance at the Biola Writing Center.

3. Formalities & Mechanics of Assignments

- a. ***Format & Required Information:*** At the top of the first page of all written assignments the student must have the:

 - (2) Note that the grade for all assignments will be *reduced one point* for each instance of a failure to conform to the guidelines.
 - (3) Note that all of the requirements listed in the course outline are *mandatory*, not *discretionary*, for students. All assignments will be graded according to the criteria listed in this course outline.
 - (4) Please check your work carefully before you submit it for grading.

4. Late Work

- a. All assignments, including Confirmation Emails and Reading Reports, must be submitted on time. All late assignments will be *reduced one percentage point* for each calendar day they are tardy.
- b. Written assignments must be emailed on or before the due date.

5. Guidelines for Citations in Written Assignments

- a. The student must cite the source (e.g., have a footnote) for any idea found in the student's paper that is not the student's original idea or a matter of common knowledge.

- b. Secondary source citations must be properly cited with reference to the primary text. Thus, if an author cites another author, the footnote must reflect this citation-in-a-citation relationship. See the footnote below for an example.²

6. Additional Grading Criteria for Written Work

XIII. GENERAL CLASS INFORMATION & PROFESSOR POLICIES

A. DOCTRINAL EXPECTATIONS FOR STUDENTS: BIOLA'S DOCTRINAL STATEMENT & EXPLANATORY NOTES

1. Since its inception, Biola has been a conservative evangelical protestant institution. Biola's theological distinctives are affirmed in its Doctrinal Statement and Explanatory Notes (DSEN), which function as the doctrinal standard for the university. Both Talbot School of Theology and the M.A. Christian Apologetics Program expect all graduate students to affirm all of the precepts in the DSEN. The only exception to this policy is for those students who have requested and received an exception on the DSEN's Eschatology and Spiritual Gifts statements. This decision for an exception is made at the time of admission. And if an exception is granted in the aforementioned areas, the student may not actively argue against Biola's teaching position while they are students. Biola's DSEN can be viewed at <http://www.biola.edu/about/doctrinal-statement/>.
2. Since Biola's DSEN does not address every possible theological issue, the university permits a diversity of opinion on issues not covered by the DSEN, such as the doctrines involved in the Calvinism-Arminianism debate. However, apart from the exceptions listed above, Talbot School of Theology and the M.A. Christian Apologetics Program do not permit students to hold views contrary to the DSEN, such as Theistic Evolution, Open Theism, any view that rejects the full inspiration and inerrancy of Scripture, any view that rejects the full deity or full humanity of Jesus Christ, or any view that rejects eternal conscious punishment for the unsaved.
3. Given the school's policies on these matters, it is an expectation for this course that enrolled students affirm the required views of the DSEN. The purpose for this requirement is to establish true unity and avoid unnecessary dissention on these important theological issues in our university community. As well, this policy helps to foster the best possible discipleship experience for all students in Biola's diverse conservative evangelical protestant learning environment.
4. Finally, note that this expectation is not intended to hinder important reflection, discussion, or queries on these matters. Students are encouraged to engage in candid discussions, ask questions about any theological issue, raise counterarguments they have encountered, or even express genuine doubts or confusion about these items. The goal is to foster genuine camaraderie, unity, and *koinonia* among students as fellow travelers in their theological education.

B. LECTURES, SYLLABUS & COPYRIGHT

1. The course syllabus, handouts, Power Point presentations, and class lectures are the intellectual property of the professor. As such they are subject to the protections of Federal Copyright Law (Title 17 of the United States Code).
2. Students desiring to copy course materials, printed or electronic, or record lectures must first obtain permission from the professor. The professor reserves all rights unless explicitly waived.

C. MISCELLANEOUS POLICIES

1. *Fairness to All Students*

- a. Please do not request an exemption from the rules or to have a deadline extended unless there is an unanticipated emergency. It is presumed that all students and faculty are busy with jobs, church, family and other issues. Students must adjust their schedules to meet the deadlines. If not, they will receive the appropriate grade penalty.
- b. Please do not ask me to change your grade unless I have made an error in calculating the grade. There is a single grading standard for all students. I will not create a different grading standard for any individual student.

2. *Email Etiquette*

- a. Please treat your emails as formal communications. Use complete sentences. Do not use a “texting” style for your messages.
- b. Be certain to include your full name and the course name in each email until I direct you to do otherwise.
- c. Be certain to include the program in which you are enrolled such as Talbot, or the M.A. Apologetics Program.

3. *Technology in the Classroom (During Lectures)*

- a. *Cell Phones:* Please turn off or set to silent mode all devices, electronic or otherwise, that may cause a distraction in class. Items include, but are not limited to, cell phones, PDAs, iPods, and pagers. It is an expectation that both faculty and students will neither take calls, nor leave the classroom to take calls during class—except in the case of emergencies.
- b. *Computers:* Computers and PDAs may be used during class for note taking purposes. Any other use, such as for email, is not permitted. Students must wait for breaks or the end of class to use their computers for non-note taking purposes.

4. *Minimizing Interruptions and Distractions (During Lectures)*

- a. *Talking:* Please do not talk in class. It is a distraction for me and your fellow students.
- b. *Work:* Please do not work on assignments for other classes while in the classroom.
- c. *Punctuality:* Please try to be punctual.
- d. *Leaving Early:* If a student must leave the class before the scheduled ending time, the student must inform the professor of this fact and sit as close to the door as possible to minimize the interruption to the class when she leaves.

5. *Classroom Etiquette (During Lectures)*

- a. Do not interrupt either the professor or a fellow student when they are talking.
- b. Students must raise their hands to ask a question. Often, I will not answer a question immediately if I am in the middle of a lecture. When I have finished a particular section of the lecture, I will ask for questions.

D. ATTENDANCE (LECTURES)

1. Attendance at the lectures is required. I will take attendance in each class session to verify your presence or absence.
2. Per University policy, if you miss more than 20% of the class sessions for a course you will not be able to receive credit for the course.
3. Arriving late or leaving early counts as a partial absence in proportion to the time you missed.
4. Note that the professor has no discretion to grant an exception to this policy.

XIV. M.A. APOLOGETICS MISSION STATEMENT

The primary purpose of the MA in Christian Apologetics program is to provide Christian men and women with the academic and personal preparation they need to intelligently proclaim and defend the historic doctrines of the Christian faith and the Christian worldview at a time when challenges on all levels continue to increase.

Chapter One: But Is It Real?

Discussion of the occult must not be trivialized or made meaningless.³ References to the occult should not be offhandedly vague, nor should the credibility of the existence of the supernatural be dismissed on an *ad hoc* basis.⁴

While almost impossible to capture the myriad of phenomena fitting within the scope of “the occult” with a single definition or description, it is dangerous error to permit the three broad categories into which occult activity are categorized – (1) the paranormal, (2) the supernatural, or (3) the “secret” or “hidden” – to become vehicles for simple reductionism.⁵

One of the real dangers of the occult is that the elements often overlap or appear in combination when considering any specific occult phenomena.⁶ It is the supernatural (the

immaterial, spiritual, or other-worldly) that is foremost in thought when the “occult” is mentioned⁷ – probably because those who claim to have, or those who desire and pursue the knowledge and power linked with, special abilities are generally not deterred by consideration of the hazy line between the supernatural and the paranormal⁸ (powers and abilities possibly part of the genetic makeup of all human beings, accessible by some).⁹ The failure of rational explanations based on rules governing the material world to explain actual recorded incidents makes “hidden” or “secret” not merely a catch-all category of specialized practitioners or organizations justifies the application of the term “occult” -- whose historic root meant “hidden” – to all these phenomena generally.¹⁰

Concealment (usually intentional) of knowledge and practices to a select few so as to preclude the ability to verify of truth claims is the key distinction between the occult and legitimate scientific inquiry and the truth claims of religion. The life, death, and resurrection of Jesus is not so different in type from occult phenomena, but the broad exposure of the occurrence to public scrutiny is quite distinct.¹¹

Denial of the reality of the occult rejects the truth claims of the Bible. Worse, it is inherently illogical to reject all the non-biblical recorded data on a preconception against the reality of such phenomena.¹²
